- Before putting this product into operation please read through the User's Manual carefully, even if you are already familiar with the use of similar products. Use the product only as described in this User's Manual.
- Keep this User's Manual for future reference. It is an integral part of the product and may contain important instructions for commissioning this product, its operation and cleaning.
- Make sure that all other people handling this product are familiar with this Manual. If you hand the product over to other people, make sure that they read this User's Manual, which shall be given to them together with the product.

We recommend keeping the original packaging of the product, proof of purchase and the warranty card, if supplied, at least for the warranty period. In case of transport, we recommend packing the product in the original packaging, in which it has been delivered in, as it protects it best against damage during transport.

Scan this QR code to get the latest version of the User's Manual. In your smartphone, open the QR code reader application and point the smartphone at this code – the page for downloading the latest version of the User's Manual will open:

You can also find the latest version of the User's Manual on our website [www.connectit-europe.com](http://www.connectit-europe.com)

The text and technical specifications are subject to change.

## 2 Description of Each Part

## 3 Installation

Plug the gaming mouse into the computer and install the software that is available at [www.connectit-europe.com](http://www.connectit-europe.com).

1. Click on **Next**.
2. Select the destination folder and click **Next** to confirm. To select a different destination folder, click **Browse**, select another folder, and then click **OK**.
3. Press the **Install** button to start the program installation.
4. Click **Finish** to complete the installation.

## 4 Software

This mouse comes with user software where you can create macros, reconfigure mouse buttons, edit mouse properties, change mouse backlighting and all of this can be stored in 5 different user profiles.

### User profiles

The software has tabs for up to 5 user profiles. You can save individual profiles to disk (Export) or upload already created profiles (Import). Changes made to the profile can be saved by clicking „Apply“; if you do not wish to save the changes, click „Cancel“.

# Obsah je uzamčen

**Dokončete, prosím, proces objednávky.**

**Následně budete mít přístup k celému dokumentu.**

**Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:**

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne\*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

*\*) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
