Power bank with car jump start function

Instructions for use

Power bank with car jump start function and LED indicators for displaying powerbank battery state.

It is equipped with a lithium battery with a total capacity of 20,000 mAh.

Thanks to the JUMP START function, it allows you to start a vehicle with a battery that is discharged. It is to be connected directly to the car battery by clips. Vehicle with totally discharged battery cannot be started with this device.

It is equipped with 2 USB connectors for charging a phone, tablet, camera, etc. The package includes a cable with USB-C / micro USB / mini USB / iPhone adapters. Another part of the package is a DC adapter for charging 12V devices up to 10A.

The power bank is also equipped with LED flashlight.

In order to use the charger safely and correctly, it is necessary to read this manual carefully before use.

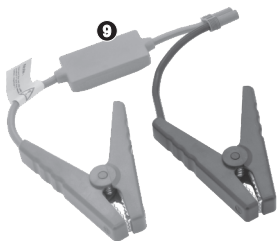

Safety instructions

- For indoor use only.
- Do not open the charger nor shorten cables.
- Never short-circuit the terminals (do not touch the terminals) - risk of short circuit.
- **When connecting to a car battery, never alter the polarity - always connect red clip to the (+) pole and the black clip to the (-) pole. If connected incorrectly, there is a risk of short circuit and damage to the product and the car battery!**
- If the charger body or cable is broken, the product cannot be used.
- Risk of electric shock. - Observe work safety when using.

- We recommend the use of goggles, gloves and protective clothing when handling car batteries.
- In case of contact with the electrolyte, wash the affected area immediately with plenty of water and seek medical attention if necessary.
- Check the functionality of the device before each use.
- Protect the device from moisture.
- Keep the device out of the reach of children.
- Make sure that children do not play with the appliance.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and / or knowledge. These persons should only use the device under the supervision of an experienced person who will ensure their safety or provide them with instructions on how to use the device.
- The battery on water (eg in on a boat) cannot be used with this product. Such batteries must be dismantled and must be charged on land!
- Do not charge the product in humid conditions (rain, snow, high humidity). Do not use product in an explosive environment (dust, explosive gases or flammable substances).
- Do not throw into fire - risk of explosion.
- Do not insert foreign objects into any input or output connector - risk of short circuit and damage to the product.
- When charging the product, make sure that the room is well ventilated.
- Never use the JUMP START function on a frozen car battery.

Product description

Technical data

Buil-in battery	20.000 mAh
Charging	5 V =; 2,0 A
Charging adapters	230 V ~
JUMP START function	12 V
Output current	1000 A
Peak current	2000 A (<0,5 sec.)
USB output	5V / 2A; 9V / 2A
Battery life	300 cycles (at 80% state)
Working temperature	-20°C - + 70°C

1. Main switch
2. USB-C charging connector
3. 2x USB outputs
4. Power button
5. 12V power output
6. Charge status lights
7. Connector for JUMP START
8. LED flashlight
9. Cable with clips for JUMP START
10. Connector for 12V power supply
11. USB power supply cable
12. USB-C Charging cable
13. Adapter for 230V charging

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
