## **WARNING**

To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

## **CAUTION**

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The lightning symbol within a triangle means, "Electrical caution!" It indicates the presence of information about operating voltage and potential risks of electrical shock.

The exclamation point within a triangle means, "Caution!" Please read the information next to all caution signs.

## **Introduction**

NUX Mighty Lite BT is a new standard for the mini class amplifiers. A lightweight, small, all-in-one portable guitar amplifier. It's an ultra-low-watt practice amp that you can use in any room at your home, put on a desk or take it wherever you want and jam, via the battery-powered operation or USB to power bank connection.

It features 3 channels, built-in digital reverb and delay, user friendly interface design. It also offers an Aux in or Bluetooth connection for jamming along with your own music, a headphone out and an emulated line out for silent practice or recording. You can improve your jamming skill along with built-in drums and metronome as well.

## **Features**

- 3 Watt Output Power
- 3 Channels (Clean - Overdrive - Distortion)
- 2 Effects (Delay - Reverb)
- 9 Drum patterns and a metronome
- Tap Tempo controls Delay speed and Drums
- Bluetooth connection
- Runs with 9V power adapter, USB connection via powerbank or 6 AA size batteries.

# Obsah je uzamčen

**Dokončete, prosím, proces objednávky.**

**Následně budete mít přístup k celému dokumentu.**

**Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:**

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne\*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

*\*) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přizívají na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
