## Portable Stereo CD System

Operating Instructions

Model No. **RX-D19**  
**RX-D17**

The illustrations show RX-D19.

### Note:

"EB" on the packaging indicates the United Kingdom.

Before connecting, operating or adjusting this product, please read these instructions completely.  
Please keep this manual for future reference.

E EB GN

## Power sources

### Using a household AC outlet

**FOR UNITED KINGDOM ONLY**  
**READ THE CAUTION FOR THE AC MAINS LEAD ON PAGE 7 BEFORE CONNECTION.**

Connect the AC mains lead firmly to the unit and the outlet.

### Note

- The included AC mains lead is for use with this unit only. Do not use it with other equipment.
- The function selector switch does not separate entire unit from mains even if in "TAPE/OFF" position.

### Using batteries (not included)

The unit cannot be powered by batteries if the AC mains lead is connected.

### When to change the batteries

Sound quality and operations are affected when the batteries are running low. Replace all six batteries. It is also a good idea to replace all the batteries before recording.

### Removing the batteries

Open the battery cover and insert your finger in the hole on the bottom of the unit and push out.

### Memory back-up

During power supply interruption, memory back-up batteries (not included) save CD programs and radio stations you have set.

These batteries do not power the unit.

### When to change the batteries

The batteries last about a year. Connect the unit to AC power before replacing the batteries.

- Before connecting or disconnecting the AC mains lead, stop the tape and switch [SELECTOR] to "TAPE/OFF" to turn the unit off. The memory batteries are worn out faster if the cord is disconnected with the power still on.

### Removing the batteries

Press the negative end of the number 4 battery and remove the batteries. (Remove the power batteries first.)

RQT6341-B

## Controls

### Main unit:

### Remote control **RX-D19 only**:

The functions of the buttons without descriptions are the same as on the main unit.

## Concerning the remote control

### **RX-D19 only**

### Battery installation

Insert the batteries (not included) observing the correct polarities (⊕, ⊖).

### Correct method of use

### Operation notes

- Do not place obstacles between the remote control signal sensor and the remote control unit.
- Do not expose the remote control signal sensor to direct sunlight or to the bright light of fluorescent light.
- Take care to keep the remote control signal sensor and end of the remote control unit free from dust.

### To prevent damage

- Never place heavy items on it.
- Do not disassemble or reconstruct it.
- Do not spill water or other liquids into it.

## The Radio

### Normal tuning

- 1 Switch [SELECTOR] to "TUNER".  
(Unit comes on.)

- 2 Press [BAND] to select "FM" or "AM".

- 3 (Omit this step if using the remote control)  
If "PGM" is on the display, press [TUNE MODE] to clear it off.

- 4 Press [◀/I+] or [▶/I+] to tune to the desired station.

The frequency changes one step each time a button is pressed.

"ST" lights when an FM stereo broadcast is being received.

#### Automatic tuning

Keep [◀/I+] or [▶/I+] depressed and release when the frequency display starts to change. A station with good reception is automatically selected and the process stops.

To stop automatic tuning, press [◀/I+] or [▶/I+] again.

#### Note

Automatic tuning may stop on a frequency where there is no station if there is interference. Press [◀/I+] and [▶/I+] to tune if this occurs.

- 5 Adjust the volume.

#### To use auto scan

You can search for a station by listening to all tuned-in stations for 8 seconds each.

Preparation: Switch [SELECTOR] to "TUNER".

1. Press [BAND] to select "FM" or "AM".
2. Press [AUTO SCAN].  
Auto scan starts.

3. Press [AUTO SCAN] when you find the desired station.

Auto scan ends when it reaches the original frequency again.  
To stop during the process, press [AUTO SCAN].

#### To improve reception

FM: Extend the whip antenna and adjust its direction.

AM: Adjust facing of the unit.

#### If noise is excessive in the FM stereo mode

Press [FM MODE]. ("MONO" lights up.)

Sound will be produced in monaural, but this also reduces noise.

Press the button again to cancel. ("MONO" goes out.)

### Preset tuning

Preset the stations (twelve FM and twelve AM) to make tuning simpler.

### How to preset

**Preparation:** Tune to the desired station.  
(Do steps 1–4 on the left.)

- 1 Press [MEMORY].

- 2 While "PGM" and the frequency are flashing  
Press [MEMORY].

Preset channel

- 3 While "PGM" and the preset channel are flashing  
Press [◀/I+] or [▶/I+] to select the desired channel.  
(Remote control: [V] or [A])

- 4 Press [MEMORY].  
(This completes presetting.)

Repeat the above to preset other stations.

#### Note

If "PGM" goes off during presetting, return to step 1.

### To listen to preset channels

- 1 Press [BAND] to select "FM" or "AM".

- 2 (Omit this step if using the remote control)  
Press [TUNE MODE] to display "PGM".

- 3 Press [◀/I+] or [▶/I+] to select the desired channel (1–12).  
(Remote control: [V] or [A])

Preset channel

#### To use preset scan

You can search for a station by listening to all preset channels for 8 seconds each.

1. Do steps 1 to 2 above.

For remote control, replace [◀/I+] or [▶/I+] described below with [V] or [A].

2. Press and hold [◀/I+] or [▶/I+] until "PS" appears on the display.

3. Press [◀/I+] or [▶/I+] when you find the desired channel.

Preset scan ends after searching through each preset channel once.  
To stop during the process, press [◀/I+] or [▶/I+].

# Obsah je uzamčen

**Dokončete, prosím, proces objednávky.  
Následně budete mít přístup k celému dokumentu.**

**Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:**

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne\*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

*\*) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
