Thank you for purchasing our product.

Before using this unit, please read this manual in order to avoid improper handling and use of the device.

Important safeguards

Please read carefully all instructions before using your food dehydrator

This product is intended for use in dehydrating food products. Do not use this appliance for any other purpose other than intended.

Warning: to avoid risks of electrical shock, burns or injuries, always make sure the product is unplugged from electrical outlet before displacing, servicing or cleaning it.

When using any appliances and to reduce the risk of fire, electrical shock, burns or serious injury, basic safety precautions should always be followed:

1. Before using this appliance, please check carefully to make sure voltage is compatible with your home and that electrical cord is connected to a properly grounded electrical outlet of similar voltage. Caution: Risk of fire, electric shock, burns or injury if dehydrator is not connected as instructed.
2. Always place appliance on a flat, level and stable surface.
3. Make sure dehydrator and all controls are in OFF position before inserting plug in electrical outlet.
4. Do not plug/ unplug dehydrator into/ from electrical outlet with wet hands.
5. To disconnect dehydrator from electrical outlet, pull directly on the plug, do not pull on the power cord.
6. Do not let power cord hang over edge of table or counter or touch any hot surfaces.
7. Do not place or use the unit or any parts on or near a hot gas or electric burner, in a heated oven, or on stove top.
8. This appliance is not intended for use by persons (including children) with limited physical, sensual or mental capabilities, or with lack of experience and knowledge, unless they have been given supervision or instructions regarding use of the appliance by a person responsible for their safety.
9. Close supervision is necessary when any appliance is used near children.
10. This product is equipped with a polarized plug (one blade is wider than the other blade) as a safety feature to reduce the risk of electrical shock and fire. This plug will fit into a polarized outlet only one way. If you are unable to insert the plug into the electrical outlet, try reversing the plug. If the plug still does not fit, contact a qualified electrician. Never use the plug with an extension cord unless the plug can be fully inserted into the extension cord, making sure the electrical rating of the extension cord is at least as great as the electrical rating of this appliance (listed on the bottom panel of the unit). Do not alter plug. Do not attempt to defeat the safety purpose of the polarized plug.
11. Do not operate this or any other appliance with damaged cord or plug or after the appliance malfunctions, has been damaged in any way, has been immersed in water or other liquid. Send the unit to the nearest Authorized Service Center for inspection, repair or adjustment. (only qualified technicians should repair the unit).
12. To avoid risk of electrical shock, fire or injuries: do not immerse in or expose appliance, elect-

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
