Quick Start Guide

Charging

Line up the charger with the charging area on the back of the device, then connect the cable to a power supply and wait for the battery level to appear on the screen.

①	Assist button
②	Microphone
③	Up button Press and hold the button to power on, power off, or restart the device.
④	Down button
⑤	Speaker
⑥	Heart rate sensor
⑦	Charging sensor

Make sure that the device and its accessories stay clean and dry.

Set Up Your Device

Pair the device with your phone using the Huawei Health app. Please scan the QR code or search for "Huawei Health" in AppGallery or at consumer.huawei.com to download the Huawei Health app. Add your device in the Huawei Health app, and follow the onscreen instructions to finish pairing.

Getting help

View the online help in the Huawei Health app for more information about connection and functions, as well as usage tips.

Privacy Policy

To better understand how we protect your personal information, please see the privacy policy at <https://consumer.huawei.com/privacy-policy>.

Blasting Caps and Areas

Turn off your mobile phone or wireless device when in a blasting area or in areas posted turn off "two-way radios" or "electronic devices" to avoid interfering with blasting operations.

Petrol stations and explosive atmospheres

In locations with potentially explosive atmospheres, obey all posted signs to turn off wireless devices such as your phone or other radio equipment. Areas with potentially explosive atmospheres include fuelling areas, below decks on boats, fuel or chemical transfer or storage facilities, areas where the air contains chemicals or particles, such as grain, dust, or metal powders.

Operation and safety

- Using an unapproved or incompatible power adapter, charger or battery may cause fire, explosion or other hazards.
- To prevent possible hearing damage, do not listen at high volume levels for long periods.
- Ideal temperatures: -20°C to +45°C for operating, -20°C to +55°C for storage.
- Keep the device and the battery away from excessive heat and direct sunlight. Do not place them on or in heating devices, such as microwave ovens, stoves, or radiators. Do not disassemble, modify, throw, or squeeze it. Do not insert foreign objects into it, submerge it in liquids, or expose it to external force or pressure, as this may cause it to leak, overheat, catch fire, or even explode.
- The device has a built-in, non-removable battery, do not attempt to remove the battery, otherwise the device may be damaged.
- When charging the device, make sure the power adapter is plugged into a socket near the devices and is easily accessible.
- Please consult your doctor and the device manufacturer to determine if operation of your device may interfere with the operation of your medical device.
- This product is not designed to be a medical device, and is not intended to diagnose, treat, cure or prevent any disease. All data and measurements should be used for personal reference only.
- If you experience skin discomfort when wearing the device, take it off and consult a doctor.

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
