Important note – quick guide:

- This is a quick guide to provide you with the most important basic information, such as safety warnings and how to get started using the product.
- The complete **instruction manual** is available at:
www.hama.com -> 00176568 -> Downloads
- Save the instruction manual to your computer's hard drive for future reference, or print it out if necessary.

1. Explanation of Warning Symbols and Notes**Risk of electric shock**

This symbol indicates product parts energized with a dangerous voltage of sufficient magnitude to constitute a risk of electric shock.

Warning

This symbol is used to indicate safety instructions or to draw your attention to specific hazards and risks.

Note

This symbol is used to indicate additional information or important notes.

2. Package Contents

- WiFi controller for LED strips
- 1 adapter cable
- 1 adapter plug
- 1 quick reference guide

3. Safety Notes

- The product is intended for private, non-commercial use only.
- Use the product for its intended purpose only.
- Protect the product from dirt, moisture and overheating, and only use it in a dry environment.
- If the product is to be operated outdoors, it may be operated only in protected outdoor areas.
- Do not use the product in the immediate vicinity of heaters or other heat sources or in direct sunlight.
- Do not use the product in moist environments and avoid splashes.
- Do not drop the product and do not expose it to any major shocks.
- Do not operate the product outside the power limits given in the specifications.
- Do not open the device or continue to operate it if it becomes damaged.
- Do not attempt to service or repair the product yourself. Leave any and all service work to qualified experts.
- Do not modify the product in any way. Doing so voids the warranty.
- Keep this product, as all electrical products, out of the reach of children!
- Do not use the product in areas where the use of electronic devices is not permitted.
- The product is not suitable for operation with dimmers, electrical switches, photocells, timer switches and twilight switches.
- Do not use the product if the adapter, connection cable or power cable is damaged.
- Lay all cables so that they do not pose a tripping hazard.
- Do not bend or crush the cable.
- Dispose of packaging material immediately according to locally applicable regulations.

4. Setup and operation

It's so simple – downloading the app:

- Download the **Hama Smart Solution app** from the Apple App Store or on Google Play.
- Open the Hama Smart Solution app.
- If you're using it for the first time, you'll have to register first and create a new account. If you already have an account, log in using your login details.

Connection/installation of the WiFi controller

Risk of electric shock

- Do not use damaged or unsuitable power supply units or LED light strips.
- When changing LED light strips, always ensure that the LED light strip in question is current-free. Switch off the current and/or pull the mains plug.

Warning

- Use this product only with power supply units and LED light strips (GRB, BRG) that are approved for the application. To that end, check the technical specifications of the power supply unit, LED light strip and WiFi controller for compatibility.
 - Before carrying out the installation, check that the power supply unit and LED light strip are in perfect technical condition.
 - Please note that lamps (even LEDs) generate heat and may become hot. Always let the LED light strip cool for a few minutes before touching or changing it.
 - Disconnect the product from the mains if it will not be used for a long period of time.
-
- Connect the WiFi controller to an LED light strip. Make sure that the polarity is correct: The arrow on the plug indicates the contact that must be connected to the 12-V contact of the LED light strip. Please also refer to the operating instructions for the LED light strip used.
 - Then connect the controller to a properly installed and easily accessible power socket via a power supply unit. Please refer to the operating instructions for the power supply unit used.
 - The LED light strip begins to flash quickly. If this does not happen, quickly disconnect and reconnect the power supply unit three times.

- Open the app and tap 'My home' at the lower-left edge of the screen.
- Then tap '+' at the upper-right edge of the screen. Select the 'Switches' category followed by item number '176568'.
- Tap 'OK' to confirm that the LED light strip is flashing quickly.
- Then enter the name of your WiFi network and the password. Tap 'OK' to confirm your entries.
- The WiFi controller is now connected to the app. Once the connection has been established, the LED light strip stops flashing.
- You can now set up, control and configure the WiFi controller using the app.

Note

If the colours blue and green are displayed in the opposite sequence to in the app, disconnect the controller from the power, and connect the supplied adapter cable between the controller and the LED light strip.

5. Care and Maintenance

Note

Disconnect the product from the mains before cleaning it or if it is not going to be used for a long period of time.

- Only clean this product with a slightly damp, lint-free cloth and do not use aggressive cleaning agents.
- Make sure that water does not get into the product.

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
