IMPORTANT SAFETY INSTRUCTIONS

The use of any electrical appliance requires the following common sense safety rules.

Primarily there is danger of injury or death and secondly the danger of damage to the appliance. These are indicated in the text by the following two conventions:

Warning: Danger to the person!
IMPORTANT: Damage to the appliance!

In addition we offer the following safety advice:

Location

- Do not use or keep this product outside when it is raining.
- Do not store the appliance near hot ovens or heating appliances.

Mains lead

- Do not allow the mains lead to become strained or run this appliance over it.
- If the electrical cable becomes damaged, the complete cable assembly must be replaced. Do not attempt this task yourself. Contact the local retailers.

CHILDREN

- Children do not understand the dangers associated with operating electrical appliances. Never allow children to use this appliance.
- Cleaning and user maintenance shall not be made by children without supervision.
- This appliance can be used by children aged from 8 years and above.

PERSONAL SAFETY

- The plug must be removed from the wall socket before cleaning or maintaining the appliance.
- Never modify the cleaner in any way.
- Never use in the presence of explosive liquids or vapors.
- Never pick up inflammable or poisonous liquids such as petrol, copier toner or other volatile substances. Never pick up acids,

asbestos or asbestos dust.

- Repairs to electrical appliances are only to be undertaken by trained personnel.
- Unprofessional repairs can be dangerous for users.
- The appliance must never be left running when unsupervised.

PRODUCT SAFETY

- Never use the appliance without the filters being installed.
- Never use the appliance to vacuum hot ashes, broken glass, sharp objects or liquids.
- To protect against fire, electric shock and personal injury do not immerse cord, plug or cleaner in water or other liquid.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. - Children should be supervised to ensure that they do not play with the appliance.

ELECTRICAL REQUIREMENTS

- Check that the voltage on the rating plate corresponds with your house electricity supply which must be A.C (alternating current).
- If the socket outlets in your home are not suitable for the plug supplied with this appliance the plug should be removed and the appropriate one fitted.
- If you cut off the plug and let go of the cable it will rewind into the machine. Therefore you must pull out a length of the cable and secure it before cutting off the plug and refitting a new one.

IMPORTANT: If the removed power plug from the mains lead is severed, it must be destroyed because a plug with a bared flexible cord is hazardous if put into a live socket outlet.

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
