Headset connection:

Using one of the supplied cables, plug the USB-C terminal in the headset, then plug the other terminal in the relevant port on the device to be used with the headset. The headset will be connected and ready for full use immediately.

Detachable microphone:

Insert the microphone in the relevant headset socket, then twist in the direction marked by the arrow to lock the microphone and prevent it from falling out.

Controlling the headset on the headphone pad:

On the left headphone pad, you will find a rotary volume control and a microphone switch. To operate, please follow the attached icons.

Magnetic exchangeable headphone caps:

The headphone pad outer caps are attached magnetically and can be exchanged for the second pair supplied in the package. On the bottom of the cap, you will find a small notch allowing the cap to be simply detached from the headset with your finger. Just put the new cap near the magnets and it will attach by itself.

Self-adjusting headband:

The elastic headband will accommodate to your head's shape and size as well as the headset wearing style, however, it can be loosened or tightened to your taste. You will find a velcro opening on each side of the top. Just open it, adjust to your taste and close again.

Notice: The virtual 7.1 sound feature is only enabled if the headset is connected via USB. If connected via the 3.5mm jack, this feature is disabled due to the insufficient current supply. Before first use, be sure to read the safety instructions contained in this user's manual carefully.

Headphone specifications:

Loudspeaker Ø: 50 mm (Neodymium magnets)

Frequency response: 20 Hz - 20 kHz

Nominal impedance: $32\Omega \pm 15\%$

Nominal input power: 55 mW (5V DC / 110mA)

Nominal impedance of the microphone: 2.2 kilohms

Microphone sensitivity: -38 +/- 3 dB

Weight: 302 g

Cable length: 2.1 m

Connection: USB-C connector or 3.5 mm jack

Clean with a cloth moistened with water.

The manufacturer takes no responsibility for damages resulting from incorrect use of the product.

Instructions and information regarding the disposal of used packaging materials

Dispose of packaging material at a public waste disposal site.

Disposal of used electrical and electronic appliances

The meaning of the symbol on the product, its accessory or packaging indicates that this product shall not be treated as household waste. Please, dispose of this product at your applicable collection point for the recycling of electrical & electronic equipment waste. Alternatively in some states of the European Union or other European states you may return your products to your local retailer when buying an equivalent new product.

The correct disposal of this product will help save valuable natural resources and help in preventing the potential negative impact on the environment and human health, which could be caused as a result of improper liquidation of waste. Please ask your local authorities or the nearest waste collection centre for further details. The improper disposal of this type of waste may fall subject to national regulations for fines.

For business entities in the European Union

If you wish to dispose of an electrical or electronic device, request the necessary information from your seller or supplier.

Disposal in other countries outside the European Union

If you wish to dispose of this product, request the necessary information about the correct disposal method from local government departments or from your seller.

This appliance complies with EU rules and regulations regarding electromagnetic and electrical safety.

Changes to the text, design and technical specifications may occur without prior notice and we reserve the right to make these changes.

Hereby, FAST ČR, a.s. declares that the radio equipment type [YHP 3040] is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: www.yenkee.eu

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
