Read the instructions, keep them safe, pass them on if you pass the appliance on. Remove all packaging before use.

IMPORTANT SAFEGUARDS

Follow basic safety precautions, including:

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been supervised/instructed and understand the hazards involved. Children shall not play with the appliance.

Cleaning and user maintenance shall not be done by children unless they are older than 8 and supervised.

Keep the appliance and cable out of reach of children under 8 years.

 Parts of the appliance will get hot during use.

If you overfill, the kettle may spit boiling water.

Use the kettle only with the stand supplied (and vice versa).

If the cable is damaged, it must be replaced by the manufacturer, its service agent, or someone similarly qualified, to avoid hazard.

- Don't put the kettle, stand, cable, or plug in any liquid.
- Don't use the kettle for any purpose other than heating water.
- Don't operate the appliance if it's damaged or malfunctions.

HOUSEHOLD USE ONLY

DIAGRAMS

- | | |
|-----------|-----------|
| 1. filter | 4. switch |
| 2. lid | 5. stand |
| 3. handle | 6. light |

FILLING

1. To minimise exposure to steam, grip the rear of the handle.
2. Pull the lid up and away from the kettle.
3. Fill with at least 1 cup of water, but not above max.
4. If you want to boil only 1, 2, or 3 cups of water, fill to the , , or  marks inside the kettle.
5. Replace the lid.

SWITCHING ON

1. Put the stand on a stable, level surface.
2. Plug the stand into the wall socket.
3. Put the kettle on the stand.
4. Move the switch to I. The light will glow.

SWITCHING OFF

1. When the water boils the kettle will switch off.
2. To switch off, move the switch to O, or lift the kettle off the stand.

GENERAL

- When you lift the kettle, you may see moisture on the stand. Don't worry – it's the steam used to switch off automatically, which then condenses and escapes via vents under the kettle.
- You may see some discolouration on the floor of the kettle. Again, don't worry – it's due to the bonding of the element to the kettle floor.

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
