Drums (defaulted)

Keyboard

Piano

DJ effects

Customized effects

- 1) Press  repeatedly to select customized effects.
- 2) The sound samples stored in the USB will be loaded. During the loading, all keys will breathe in red by turns.

Note:

- Support MP3 format only

Record and delete

- 1) Press  to start recording, when a control key is pressed, the white LED will light on. The harder you press the keys, the louder sound will play. After recording for 30 seconds, the recording will automatically stop, or press  again to complete the recording.
- 2) Press  to record a new track. The newly recorded track will overlap play in a loop with previously recorded tracks. Later recorded tracks will be shorter or equal to the first track.
- 3) Press  to delete the last recorded track. To delete all recorded tracks, press and hold for 2 seconds.

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
