

**Smartwatch
Metal strap with magnet
buckle**

CNS-SW73

Quick Guide v 1

Smartwatch. Metal strap with magnet buckle.

- Durable metal watch-case
- 6H hardness tempered glass
- Compatibility with iOS and Android OS
- Multi-sport mode
- Weather display
- IP68 waterproof
- Camera remote

Complete set:

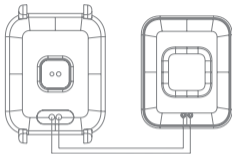

- Smartwatch
- Metal strap
- TPU strap
- Battery (build-in)
- USB charging kit
- User manual

Usage

Make sure that your smartwatch is fully charged before usage.

Charging: The charger is made in the form of a stand. Place it on a horizontal surface so that the contacts are facing upwards. Place the watch on top, aligning the

contact pins and the charger as shown in the figure. If the contacts are connected correctly, the watch will «grip» to the charger via the built-in magnetic lock.

Charger requirements: 5V

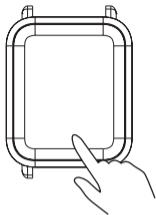

Charging time: 2-5 hours depending on a source of charge.

Disassembling: find little levers located on the backside of the place where wristband is connected to the watch body. Pull the levers to the center and pull the wristband out.

Assembling: put a part of the wristband to the watch body applying the side with no lever. Press the lever to the center and put this side into the watch body. Release the lever and the wristband will fix under pressure of internal spring.

Turning on: Hold your finger on the screen for a few seconds until the device is turned on.

Turning off: Tap the screen to activate it. Swipe your finger from left to right or vice versa to scroll through the menu items. Stop when you see the «Other» menu. Hold your finger on the screen for a few seconds to enter the submenu. Scroll through the menu until you see "Power off" on the display. Hold your finger on the screen for a few seconds until the device turns off.

Connecting to a smartphone: charge the smartwatch, turn it on, activate bluetooth on your smartphone, download and install Canyon Smart Watch application Canyon Life by scanning the QR code below, open Canyon Life app->press" Setup"->"Pair device"->"Start"-> choose your watch from pair device list (SW73) -> press "ADD DEVICE" and you will see Device successfully connected. Use the application to apply needed settings: turn on periodic heart rate measurement, fill in your body parameters, select apps that you want to receive notifications from, etc.

Usage: by moving your finger left or right, you can scroll through the menu items. Hold and press to select a function or go to the sub-menu.

Scan this QR code to download and install the application Canyon Life:

Troubleshooting

<i>Problem</i>	<i>Solution</i>
Your smartwatch doesn't turn on	Connect to charging USB cable and wait for a few minutes
Your smartwatch isn't detected by a smartphone	Make sure that Bluetooth, GPS Location Services with high precision are active on your smartphone
Your smartwatch is detected by a smartphone, but fails to connect	Turn the smartwatch off and then turn it back on.

If the actions from above-mentioned list do not help, please contact support service at Canyon web-site: <http://canyon.eu/ask-your-question/>

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
