Introduction

It has high data transfer speeds, a steady connection, and minimal power consumption are all advantages of BT 5.0. When you remove the charging case, the earbuds automatically turn on and link with each other. It is comfortable and stable to wear, secure-fit ear hooks keep earphones in place even during strenuous workouts. No more pressure on your ears thanks to the touch control design. It's simple to manage music and calls, as well as activate the voice assistant (only for iOS). It has Built-in microphones on both earbuds produce crisper talking sound in stereo mode, making them hands-free and easy to use. The earbuds may be charged and stored in a 400mAh charging case. Each earbud's 50mAh battery lasts for around 4 hours of music.

PACKAGE LIST

- 1 Pair of Earbuds
- 2 Pairs of Earcaps
- 1 Charging Box

- 1 User Manual (English/Chinese)
- 1 USB Charging Cable

HOW TO SET UP

If you have an Android device, simply pop the charging case's lid open and push the small button inside. You'll see a pop-up asking you to connect, and then you're done. You can also use the Lenovo Smart Wearable app from Google Play to pair your device.

HOW TO USE

- Right-click the Windows icon and select Properties (Start). Choose a system.
- Choose Sound.
- Under Output, look for the output device....
- Choose your headphones.
- If the headphones are still not working, try disconnecting and replugging them.

HOW TO CONNECT

To reset pairing, tap the touch panel six times (the earbud light will flash white three times before shutting off), then place the earbud into the charging case. For the second earbud, repeat steps 2-4. When you take both earphones out of the charging case, they will automatically pair in 3 seconds.

TO WINDOWS 10

- Make certain Bluetooth is turned on.
- Add a Bluetooth or other device by clicking Add.
- In the Add a device window, select Bluetooth.
- Wait while your computer or laptop scans the area for Bluetooth devices.
- When the PIN code appears, click on the name of the device you want to connect to.

TO LAPTOP

- Click the Bluetooth icon in the system tray on your Lenovo laptop.
- Add a Bluetooth device by clicking Add.
- Add a Bluetooth or other device by clicking Add.
- Wait for the AirPods to be detected by the laptop.
- Tap AirPods.
- The gadget has now been connected to your Lenovo laptop.

HOW TO RESET

Remove the earbuds from the charging case, press any of the earbuds' touch panels seven times to enter Bluetooth pairing mode, then press any of the earbuds' touch panels four times to clear the pairing list and return to factory settings.

HOW TO CHARGE

Simply open the charging box cover and insert the Lenovo HT28 TWS headset into the charging box to begin charging. The LED indicator on the headset turns red when charging begins, and it turns off when fully charged.

HOW TO TURN UP VOLUME

- Look for Control Panel and pick it.
- Choose Sound.
- For the device, go to Properties.
- Set the level using the Levels tab.

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
