SAFETY INSTRUCTION

- For your safety, this appliance complies with the applicable standards and regulations (Low Voltage Directive, Electromagnetic Compatibility, Environmental...).
- As an additional safety measure, we recommend the installation of a residual current difference device in the electrical circuit supplying the bathroom, acting at not more than 30 mA. Ask your installer for advice.

- For countries subject to EU regulations (CE marking) : This device can't be used by children under 8 years of age. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety, and understand the risks involved. Children under 8 years of age should not be allowed to play with the appliance. Children under 8 years of age should not clean or perform maintenance procedures on the appliance. This appliance contains batteries that are only replaceable by skilled persons. The battery must be removed from the appliance before it is scrapped. The appliance must be disconnected from the supply mains when removing the battery. The battery is to be disposed of safely.

- For other countries not subject to EU regulations : This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- This product has been designed for domestic use only. Any commercial use, inappropriate use or failure to comply with the instructions, the manufacturer accepts no responsibility and the guarantee will not apply.
- **Before any use, please ensure that the product and accessories do not have any defect. If your appliance is damaged or shows any defect, don't use it anymore. If your appliance fall or is dropped and works abnormally after, don't use it and contact after sales service. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.**

CAUTION : Detach the hand-held part from the supply cord before cleaning it in water. Suitable for cleaning under an open water tap. Can be used in bath or shower.

- Never use the dishwasher to clean the appliance. Don't clean your appliance with abrasive or corrosive products.
- Don't use this appliance when the temperature is below 15°C or above 35°C. Always keep it on a flat surface resistant to heat. Never put it in contact with other inflammable materials. If the appliance becomes very hot during use, avoid skin contact.
- To avoid overheating, you should use the appliance slowly and without effort.
-  Detachable supply unit
- **WARNING:** For the purpose of recharging the battery, only use the supply unit and base YLS0056E-E050050 (YLS0056A-U050050 for UK plug model) provided with this appliance. For an optimal charge, the appliance should be correctly inserted into the base. Make sure your appliance is in accordance with the supply network of your country. Don't unplug the cord by pulling on the cord. Do not use an extension lead.
- The appliance must be unplugged after the battery is full charged, before cleaning or in case of abnormal functioning.
- This appliance contains batteries that are only replaceable by skilled person.

FORBIDDEN USE

- In order to avoid irritation, be careful not to use any other exfoliating and aggressive product such as scrubs, alcohol, clay...

Make sure to use the appliance only on your face, not on your eyes or body. Always use the appliance in motion on your skin.
- Do not use the appliance:
 - If you have an on-board medical device (pacemaker, hearing aid...)
 - With medical creams or cream containing photosensitive substances
 - With essential oils, homemade cosmetics* and corrosive products
 - On damaged or sun burned skin
 - Do not use on : varicose veins, moles, birthmarks, if you suffer from eczema, inflammation...

Obsah je uzamčen

Dokončete, prosím, proces objednávky.

Následně budete mít přístup k celému dokumentu.

Proč je dokument uzamčen? Nahněvat Vás rozhodně nechceme. Jsou k tomu dva hlavní důvody:

- 1) Vytvořit a udržovat obsáhlou databázi návodů stojí nejen spoustu úsilí a času, ale i finanční prostředky. Dělali byste to Vy zadarmo? Ne*. Zakoupením této služby obdržíte úplný návod a podpoříte provoz a rozvoj našich stránek. Třeba se Vám to bude ještě někdy hodit.

**) Možná zpočátku ano. Ale vězte, že dotovat to dlouhodobě nelze. A rozhodně na tom nezbohatneme.*

- 2) Pak jsou tady „roboti“, kteří se přiživují na naší práci a „vysávají“ výsledky našeho úsilí pro svůj prospěch. Tímto krokem se jim to snažíme překazit.

A pokud nemáte zájem, respektujeme to. Urgujte svého prodejce. A když neuspějete, rádi Vás uvidíme!
